

Cololight Strip

LS909

(Extension)

An impressive 16 million colors lighting strip that sync with music and every LED can display different color and brightness.

Length adjustable by cutting and every LED can be splitted

Syncs with your music through visualizer-Cololight

16 Million colors to create various lighting effects

Create your own design with the strip DIY light panels

LED

Strip model	LS908	LS909
LEDs/M	30	60
LED Life	30000 hours	
Ingress Protection	IP65 (strip)	
LED category	Built in drive IC Surface mounted SMD LED	
Static Consumption	0.2W/LED	
Lumen	4.5-7lm/LED	
Luminous color	16 million colors	
Red Wave length	620-625nm	
Red Brightness	400-700mcd	
Red Brightness	1.0-2.0lm	

Green Wave length	520-530nm
Green Brightness	1000-1500mcd
Green Brightness	3.0-4.0lm
Blue Wave length	460-470nm
Blue Brightness	200-400mcd
Blue Brightness	0.5-1.0lm
Maximum length of Strip with original controller	4 m (60 LEDs/m) 8 m (30 LEDs/m)
	It needs auxiliary power supply DC5V after exceeding the length
Color rendering index	≥80
Light efficiency	25.2 lm/W

Construction

Size	Standard Strip: 2000*13*2mm HomeKit controller: 46.5*30.5*28mm
Weight	HomeKit controller: 54g
Color	White
Consumption	Static power consumption 0.3W Maximum power consumption of 2 m Strip <10W

General

Operating Temperature	-5~45°C
Operating Humidity	5~90%
Communication protocol	Wi-Fi 802.11b/g/n
Operating frequency	2.4GHz
Input	DC 5V 2A
Cutttable and Extendable	Yes
