

Intelligent Living

Triple Technology Detector

CODE: QR-TPL-DET

Product Overview

- 12m detection distance
- Low-noise pyroelectric infrared sensor
- Pulse-counting function
- 80m wireless transmission

Specification	QR-TPL-DET
Working Voltage	DC 12V/1A power adapter
Working Current	≤80mA [DC 12V]
Detection Distance	12m
Detection Angle	90°
Infrared Sensor	Dual element low noise pyroelectric infrared sensor
Microwave Antenna Type	Patch antenna by GaAs FET dielectric oscillator
Microwave Frequency	10.525 GHz
Pulse Counting	1 level[1P],2level[2P] are optional
Warm-up Time	≤60 sec
Installation	Wall Mounted
Installation Height	2.2m
Wireless Transmission Distance	≤80 m [in open area]
Wireless RF Frequency	FHSS 433MHz
Operating Temperature	10°C~ 50°C
Dimensions [LxWxH]	130mm x 63mm x 51mm

QLS APP
